

## Olympia Pharmacy

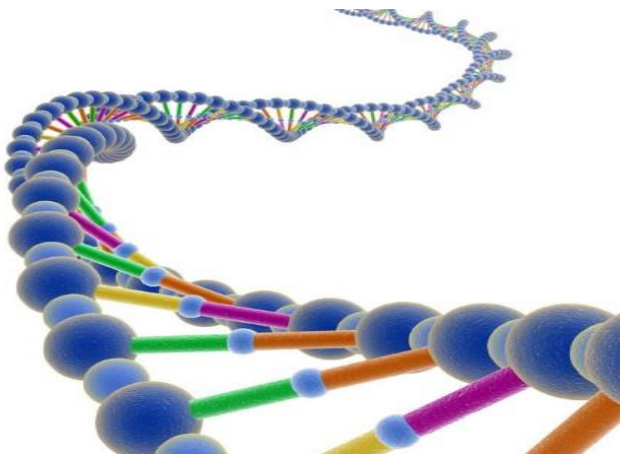

### Glutathione

Injection 30ml MDV

Active Ingredients:

**Glutathione:** A popular and powerful antioxidant thought to increase immune system function, aid the liver in removing heavy metals from the blood and reduce the effects of aging.

## Description

**\*Recommended Dosage:**  
1ML, Intramuscular, frequency varies.

Dr Mark Hyman has referred to glutathione as “The mother of all antioxidants.”

Glutathione has shown promise in many different arenas. It’s believed to help the liver remove heavy metals and other toxins from our bloodstream, promote a more effective immune system, reduce the effects of aging and even has been used in treating diseases such as Parkinson’s and Alzheimer’s.
